## Real Worth vs. Low Cost

If you asked your butcher for a porterhouse steak and he handed you a cut of the flank and said, "This doesn't cost as much and is just as good," you wouldn't believe him, would you?

Yet the butcher's statement is just as truthful as the assertion that inferior baking powders made of alum or phosphate of lime are as good as Royal, which is made from cream of tartar.

Alum is a mineral acid salt, declared by many medical authorities unsafe to use in food.

Royal Baking Powder is as pure and wholesome as the vineyard grapes from which its cream of tartar is derived.

The only reason for using such substitutes as alum and lime phosphate is because their cost is less to the manufacturer.

## Death of Helea Slayton

The death of Miss Helea E. Slayton occurred at Berkeley, Calif., May 22, following two weeks' illness with pneumonia. Miss Slayton was the only daughter of Jerome B. and Rhoda Thomas Slayton of Stowe. She was born in 1840, her mother dying two years later. Her father was a well known and honored citizen of Stowe, and Lamolite County, until his death in 1890. A keen sorrow in her girlhood was the death of Miss Slayton's only brother, Mark B. Slayton, who enlisted in Co. C, 17th Vermont Regiment, in March, 1864, and who lost his life in the action before Petersburg in July following. In spite of ill health, Miss Slayton's ambition for study and qualifications for teaching were exceptional. She was graduated from Peoples Academy in Morrisville and from Johnson Normal School, and was the first girl from this part of the State to enter the University of Vermont, from which she was graduated in the class of 1878. She afterwards took degrees in the Leland Stanford University. After leaving Stowe, she taught in Connecticut, Wisconsin and California, where she has resided since 1889. Loyalty to her friends and a high sense of justice and duty were characteristics of Miss Slayton's character.
